Bryant Jensen And Phillip Redd In Near Fatal Accident

What could have been a fatal accident was narrowly averted by Bryant Jensen and Phillip Redd last week when they were returning from Edmonton with a truck load of furniture belonging to Paul Redds who were moving to Magrath.

Just out of High River, on a clear day and good road, a truck coming in the opposite direction sideswiped them resulting in serious injuries to the other driver and concussion and bruises to Bryant while Phillip escaped with not much more than a bad scare and considerable damage to his furniture. The driver of the other truck was taken to hospital immediately and has not yet been in a condition to say what went wrong to lose control of the truck. Fortunately Bryant's injuries were not serious enough to warrant hospitalization and has been recuperating at home.

Saturday night the Karl Dahl car was full with young ladies bound for Waterton to attend the dance. He good naturedly took up Denise, Necla Holt, Janet Anderson, Fern Dahl and Evelyn Heggie.

Lightning Causes Great Loss For Doug Costley

Extensive damage was caused by lightning on the farm of Doug Costley on Tuesday, August 31, when a bolt set fire to a barn and granary and destroyed thousands of dollars worth of property. The lightning struck at about 4 a.m. with such force that the Costley family was shaken in their beds and within minutes friends and neighbors were on hand to assist in battling the blaze.

Lost in the fire were 3 large granaries: 2 small ones, chop bin, barn, chicken coop, garage, saddle and bridle grain auger, 500 bushel of oats, 10 ton of oat hay, 2 tons of straw, sprayer, tank heater, troughs and self-feeder, 7 pigs, 1 lamb, 1 ewe, 70 chickens, 4 full grown turkeys, (one pig and one calf were badly burned), grease, oil, calf meal, pig starter and other odds and ends. Ray Attwood took all the stock that was left to his place to care for the time being.

While talking with Mrs. Costley she said that she had never known that there were so many fine people in the world. She asked that special thanks be given to the O.K. Colony for its help and to all the many wonderful people who have been so kind.

Guests at the home of Mr. and Mrs. L. B. Duncombe on Monday were Mr. and Mrs. Albert Bruce of Lethbridge.

Over the week-end Mr. and Mrs. Flora DeMeester motored to Brooks and visited her parents Mr. and Mrs. A. B. Brown. Their daughters returned home with them after a vacation with their grandparents.

Mr. and Mrs. Mike Holland have moved to their new home in Lethbridge having sold their Raymond one to Mr. and Mrs. Rudy Audinaert.

After an early morning phone call from her family at Boise, Idaho Mrs. C. A. Finch boarded a plane for that city to join them in a Family Reunion; the first time in twenty years that the entire family had been together. Don of Salem, Oregon Bryon of New York and L. R. Wall of Leavenworth all met at the home of Mr. and Mrs. Joseph C. Harker to celebrate the occasion.

Mrs. Finch returned home on Wednesday with Mr. and Mrs. Bryon Wall who plan to visit here for about a week. The interesting trip home was by way of the huge "Crater of the Moon" and Glacier Parks.

840 Students Register

The School year got its start on Wednesday, September 1st, when a total of 840 students registered at the three local schools for another term. At the Public School there were 359 students with 98 of these being beginners. There will be 299 at the Jr. High School and 182 scholars at the High School.

The population of the Town is approximately 2500 so about one-third of the Town goes to school.

The only vacancy on the teaching staff is at the High School where an English and French teacher is needed.

Lyn Galbraith entertained Saturday evening in honor of Elaine and Margaret King who were visiting here. A gay evening of games followed by lunch was enjoyed by Theodora Meeks Anne Hicken, Pat Fyffe, Janet Cook, Joyce Stevenson, Marcia Jones, Donna Robinson, and Geraldine Babb.

The LesAmies enjoyed an evening of sewing and chatting Wednesday when they met at the home of Mrs. Roxie Hamilton. Mrs. Kathleen Newman was a special guest.

Nickels Mount Up

Usually Canadians are pretty careful with a nickel but in one case they are thoroughly extravagant.

Last year over 7,000,000 items of mail reached the Undeliverable Mail Office (Dead Letter) because the senders failed to address them properly and to provide return addresses. This figure represents an economic loss of \$350,000 (5c per letter) and a terrific amount of extra work for the Post Office Department.

The moral of the story is: Don't add your nickel to the pile — address your letters properly and provide a return address.

Mr. and Mrs. Gordon Rasmussen recently enjoyed a visit from her brother Joe Dudley of Salt Lake. Renae Rasmussen returned to the States with him, planning to study Journalism in Los Angeles.

Local Man Travels With Air Show

Mr. and Mrs. Arlie Hudson had a double interest in the coming of the Jet show in Lethbridge in as much as their son John who is an Aeroal Technician for the Jets was one of the party on this tour. However, as the planes were unable to land at Lethbridge they didn't get to see him last Wednesday, but had to motor to Calgary where they were able to have a two day visit with him, as well as have a more detailed inspection of the various aircraft including the launching site.

It had been 2 years since their son, who is stationed at Trenton, Ontario, had been home.

Mrs. Eleanor Cook and two of her younger children have moved to Taber where she is teaching grade 2.

C. R. Wing Is Laid To Rest

Funeral services for the late Charles Rodolph Wing were held in the Taylor Stake House on Tuesday, August 30, at 2 p.m. with Bishop J. Golden Snow officiating.

The services began with the choir, under the direction of Roi Stone and Velma Redd at the organ, singing Mr. Wing's favorite song "O My Father."

The opening prayer, offered by Pres. J. H. Waker, was followed by Joe McLean's solo "I am a Pilgrim."

Pres. T. Geo. Wood commenced his tribute to the deceased by reading the words to the song "Come Let Us Anew," that told the story of the life of C. R. Wing. Mr. Wood said that he had experienced an intense personal loss with the passing of his friend for over forty years and very close associate for over thirty years. His loss, "as said, was not like that of the family although his closeness to "C. R." was more like that of a brother.

In outlining Mr. Wing's history he said that when the sugar men came here, nearly thirty years ago, "C. R." was the only real expert among them and that of the group that came first only three were left — Frank Taylor, Ezra Christensen and himself. He said Mr. Wing's career in the sugar business had started in his youth and that he had been moved from one position of trust and responsibility to another until he was given the job of getting the mill in production here in 1925 and 1926. Trouble was the keyword in that undertaking and it was due mainly to the intelligence and faithfulness of Mr. Wing and men like him that kept this factory in operation throughout the years. In those years the beet crop was good but the plant had to be thrown together in six months with little or no improvements being made so it was mostly the ingenuity of C. R. Wing who patched and improvised that made it possible to process any beets at all. Other men faltered and fled but C. R. was made sterner stuff. His loyalty and faithfulness to his occupation and employer was made very evident in the vast amount of work he accomplished, sometimes working at exceedingly long stretches to get a job done. He chose men and built a team and one man was on his team he was never deserted — a shift might be made to another position but never was a man dropped without just and good reason.

Mr. Wood outlined the three phases of life — The Olympian phase when men lived for itself and each day brought a fresh adventure to be lived with health and strength and to the full "C. R." had really rejoiced in his association with people.

The Promethean or the working phase of his life was certainly evident for he built many things for his church and for his friends. The Recreation Hall was just one of the jobs where his knowledge and ability with men had been put to good use.

The third final stage was the Pilgrim or thinker or searcher phase of life wherein man made a sincere search for truth and "C. R." was a real searcher and lover of the truth. He had found the truth in the gospel of his church and loved to relate missionary and other experiences to give testimony to that fact.

He had been called to many and various positions in the church and at the time of his passing was President of the High Priest Quorum — a job he did well. He was a good man and a fine friend who spent a good life in doing something that will outlast his days on earth. He knew that life is eternal and that all man will someday return to a Heavenly Father.

Nemiscorn Notes

Mr. and Mrs. Gus Norlin and family of Lethbridge were visiting Mr. and Mrs. R. Norlin and other friends in the district last week.

Mr. and Mrs. Bert Baker and daughters of Calgary spent a few days on the farm.

Mr. and Mrs. Waldo McFall are the proud parents of a baby boy.

After Church Service last Sunday at Thistle Ridge a farewell dinner-party was given for Mr. and Mrs. Runo Norlin and family. There were fifty-two present. The Thistle Ridge Club and friends presented the Norlins with a lovely plate glass mirror as a remembrance. Mr. Eugene Oveson made the presentation with some fitting remarks on Mr. Norlin's help in the community and our regret at losing the family after so many years of close relationship with them. Mr. and Mrs. Norlin replied with many thanks for our kindness and said they would be back often. Mr. Norlin's health has failed the last year so he has rented the farm and they will reside in Lethbridge.

Sawflies are taking a heavy toll in the wheat fields. I don't think this district has ever experienced such a loss with the pests as we have this year. Harvest operations were interrupted last week by very heavy rains.

C. R. WING

(Continued from page one)

After the beautiful selection "In The Garden" was sung by Laura Watson and Jim Harker, Bishop J. Orvin Hicken told of his long association with Mr Wing in the bishopric and how their association came about. He said that during the eleven years he had spent with Mr Wing and Golden Snow as the bishopric he had learned to love them and said that they were both men of high character who lived as God expected men to live. Bishop Hicken said that C. R. Wing was one of the finest and truest friends he had ever had and that he was a very pleasant man to be around all the time.

As a family man he was without peer, he was a good husband and father who tried to live by the Golden Rule. Bishop Hicken said that he felt a great personal loss and read a poem that symbolized the life of Mr Wing.

"C. R." had a great faith in God and the priesthood and had seen people made well by its power when all else had been tried to no avail. He had a deep conviction of the existence of an External Father and had found prayer a constant source of strength. He said that "C. R." had not believed in death-bed confessions to be saved but had lived his whole life as he understood it should be lived.

In conclusion Bishop Hicken expressed gratitude for the opportunity that he had to work with and associate with a man as fine as C. R. Wing.

As the final speaker Bishop Snow said "God gave us memories so that we could have roses in December and the memories of C. R. Wing will provide roses forever." Bishop Snow said that "C. R." had gone to the land of living where there is no further death and that while he lived upon this earth he had been a gentleman in every respect. He then spoke words of consolation to the family and friends and also offered the sincere thanks of the family to all who had been so kind.

The closing song by the choir was "Sometime We'll Understand" after which Frank R. Taylor pronounced the benediction.

Interment was in Temple Hill Cemetery with members of the High Priests Quorum, Stewart Card, Ezra Christensen, Alma Sommerfeldt, Clarence Alfred, D. A. Bennett and Karl Schneider with Patriarch T. T. Mendenhall dedicating the grave. Christenson Bros. were funeral directors.

He leaves to mourn, his wife, Viola; two sons, Guy Alexander and David; and three daughters, Margaret Taylor Lela Benson and Barbara; and six grandchildren.

Mr and Mrs Fred Piepgrass are enjoying a visit from their daughter Delpha and her husband, Mr and Mrs Bryon Wall of New York.

Saving money... and writing cheques

A bank offers you two types of deposit account, Savings and Current.

If your main purpose is to save, to accumulate funds, it's good to have a Savings account.

If you write cheques frequently, you will like the many advantages of a Current account.

The money you leave in a Savings account earns interest, and your bank book gives you an up-to-date, continuing record of your financial progress. If your funds are active, with frequent deposits and withdrawals, a Current account provides a special service; a monthly statement, together with your cancelled cheques—useful as receipts and a ready reference for budgeting, bookkeeping and other purposes.

THE BANKS SERVING YOUR COMMUNITY

Thy God whom thou servest continually, he will deliver thee.—Dan 6:16

Mother: "Did you thank Mrs. Jones for the lovely party she gave?"

Mary: "No, Mummy. The girl leaving just before me thanked her, and Mrs. Jones said, 'Don't mention it,' so I didn't."

During busy summer days, set your alarm clock, and let it remind your Small Fry when its time to take a nap leave for playground activities or practice their music lesson. This will save your time, and they will enjoy listening for the bell.

A wealthy man was showing a friend over his new house.
"I can have my bath in my bedroom if I choose," remarked the proud man.
"I just touch a button, and the bath, ready filled, runs into the bedroom on those two rails. Let me show you how simple it is."
He pressed a button, whereupon the bath, filled with water, glided in—but it also contained his wife!

Mr and Mrs David Wing of Houston, Texas, Mrs Leila Benson of Washington, D.C. and Dr Guy B. Alexander of Wilmington Delaware were all home this week to attend their father's funeral.

ONCE UPON A TIME

A rather lazy squirrel who, by eating an acorn with an inchworm, grew to a hundred times his size and declared himself to be king of the forest — a slow-witted but well intentioned tugboat, name of Tugboat Danny, who wished he were an ocean liner — a small boy, a reader of comic books, who suddenly finds himself leading a gang of the desper-

ate hombres he idolizes — — — and a very conceited skyscraper who looks with scorn at the other buildings around him. Characters like these are typical in the delightful series of fantasies designed for children from six to sixty. Written by Ray Darby, with music by Morris Surdin, the "Once Upon a Time" series can be heard every Sunday evening on the CBC Trans-Canada network.

Mr and Mrs Blaine Hudson of Edmonton is spending the week in town at the home of his parents Mr and Mrs Elred Hudson. They plan to return after the long week-end.

All kinds of accidents major or minor, happen while you are on a holiday, so be sure that the cottage and car are equipped with well-stocked first-aid kits, so that in emergency there are means of treating any injury. For those who have not had first aid training, a first-aid instruction book should be part of the kit.

VACATION WONDER

The highways that unwound toward the sea — the lakes, the mountains, wherever travelers roam — and tumbled off a fair-faced company, roll up again to draw them safely home.
But somewhere gypsy weather caught them, dyed with glowing golden nut-brown stain their skins and left them that wild tattered dizzy-eyed look of folk who've danced to violins!

Every living thing, as well as what does not live, has smell or shape or song or favor to give.

LIVE P.T.O. MEANS SMOOTHER HARVESTING WITH A Massey-Harris 33 or 44

Every P.T.O. field job moves along more smoothly with a new Independent Power-Take-Off 33 or 44. When a slug starts into your combine or chopper, you just pull the lever . . . your tractor stops but the P.T.O. shaft supplies constant power to clean out the overload. When you're ready to move on, just let out the lever. With a new 33 or 44 you never have to hand-clean "wadded-up" machines.

Stop in or call us at (Phone No.). Let us show you the new, efficient Massey-Harris Live P.T.O.
